

**SUNDQUIST**  
ENGINEERING, P.C.

## Sundquist Engineering, P.C. is currently seeking a **Civil Engineer (P.E.)** to work with our team.

This individual will work closely with clients, developing projects from beginning to completion. We are looking for someone with an entrepreneurial spirit that is self-motivated.

Sundquist Engineering, P.C. is located in Denison, Iowa, and was established in 1990. There is a branch office located in Onawa, Iowa. As a small firm we value and know each team member. By getting to know their unique gifts, we can better tailor the position to best fit them. This approach is also how we treat our clients. By personally knowing them, we are best able to solve their unique requirements, resulting in almost all of them being repeat customers. Through these relationships with customer care, we have built extensive experience in financing, planning, surveying, designing and supervising the construction of public improvements and private residential and industrial/commercial site developments. With our continued growth we are looking for the right applicant to fulfill the following:

### **Duties & Responsibilities:**

- Perform engineering duties in planning, designing, and overseeing construction and maintenance of roads, bridges, water and sewage systems, subdivisions
- Perform land surveys for private landowners, cities, and counties.
- Perform and adjust quantity calculations for practical and budgetary purposes
- Communicate with team members as well as customers and vendors to ensure maximum cohesion and fluidity on projects
- Forecast design and construction time frames
- Inspect project sites to ensure they meet relevant codes and are progressing in a timely fashion
- Oversee a list of clients and develop client relationships

### **Requirements:**

- Bachelor's degree in Civil Engineering • P.E. license desirable
- AutoCAD experience desirable • Good communication skills
