

**Sundquist Engineering, P.C. is currently seeking a survey crew member to work with our team.**

Sundquist Engineering, P.C. is located in Denison, Iowa, and was established in 1990.

As a small firm we value and know each team member. By getting to know their unique gifts, we can better tailor the position to best fit them. This approach is also how we treat our clients. By personally knowing them, we are best able to solve their unique requirements, resulting in almost all of them being repeat customers. With our continued growth we are looking for the right applicant to fulfill the following:

**Duties & Responsibilities:**

- Perform outside survey duties including hand excavating for section corners, on the job training for operation of survey equipment, on the job training and certification for construction inspection, on the job training for transferring survey information to the office computer system.
- Communicate with team members as well as clients to ensure the project is completed accurately.

**Requirements:**

- Basic computer skills
- Good communication skills

**To apply, please mail resume to:**

**Sundquist Engineering, P.C., 120 South Main St, Denison, IA 51442**

**Or email resume to: [kathig@sundquistengineering.com](mailto:kathig@sundquistengineering.com)**
